Dear Anne,

Thank you for your letter of 13 February, 2009, to Craig Niemann, offering support and assistance to City of Greater Bendigo as it recovers from the bush fires and commences the rebuilding process.

You will be aware that the amount of support offered, not only to City of Greater Bendigo, but all bushfire affected areas across Victoria, has been overwhelming and statewide processes are being put in place to assist those who were affected, to clean up their properties and commence rebuilding.

Thank you for your support and offer of assistance. It is much appreciated.

Yours sincerely,
